SENIOR CITIZENS REAL ESTATE TAX DEFERRAL PROGRAM

Program Overview

What is the Senior Citizens Real Estate Tax Deferral Program?

The Senior Citizens Real Estate Tax Deferral Program is a state program that provides tax relief for qualified senior citizens by allowing them to defer all or part of their property tax and special assessment payments on their principal residences.

The deferral is a loan against the property's market value. Deferred amounts are "borrowed" from the State of Illinois, who pays the tax bill. To ensure repayment, the county collector places a lien on the property and removes the lien when the deferred amounts are paid.

Deferred amounts are charged three percent annual simple interest. For example, a \$2,000 tax amount deferred for one year would equal interest of \$60. If not paid off in the first year, the interest would grow to \$120 at the end of the second year, \$180 at the end of the third year, and so on.

(NOTE: For tax years 2022 and prior, interest continues to accrue at a rate of six percent. The three percent interest rate applies to the 2023 tax year and any tax year thereafter.)

The annual filing period for this program is January 1 through March 1. Applicants must apply in-person at the County Treasurer's office.

How much in property taxes and special assessments can be deferred?

Taxpayers may defer all or part of their annual tax bill up to a maximum amount is \$7,500.

The maximum amount that can be deferred, including interest and lien fees, is 80 percent of the taxpayer's equity interest in the property.

When do deferred amounts have to be paid?

Deferred amounts must be repaid within one year of the taxpayer's death or 90 days after the property is sold, transferred, or otherwise no longer qualifies for this program.

The deferral may be continued by a surviving spouse who is at least 55 years of age within six months of the taxpayer's death.

No sale or transfer of property may be legally closed and recorded until all deferred amounts have been paid.

Is the property tax bill actually paid when it is due?

Yes. The county collector sends a copy of the property tax bill to the Illinois Department of Revenue. The department then sends the payment to the county collector by June 1 or within 30 days of receipt of the tax bill, whichever is later.

What qualifications must be met to participate in the program?

To participate, all of the following qualifications must be met each year:

- The taxpayer must be 65 years old by June 1 of the year that the application for deferral is being filed
- Have a total annual household income of no more than \$65,000
- Have lived in the property or other qualifying property for at least the last three years,
- Own the property, or share joint ownership with the spouse, or be the sole beneficiaries of an Illinois land trust,
- Have no delinquent property taxes or special assessments on the property
- Have adequate insurance against fire or casualty loss

What is a qualifying trust?

The property must be held in an Illinois Land Trust, with the applicant, or the applicant and spouse, identified as the sole beneficiary(s) of the trust.

The application must be filed by the beneficiary of the trust who meets all eligibility requirements and obtains the approval of the trustee to enter into the tax deferral and recovery agreement.

How does a taxpayer apply for this program?

The taxpayer must file all applications and forms with the county collector. These forms are available at the county collector's office after January 1 and must be completed by March 1 of each year. The county collector approves or denies all applications.

To apply for a property tax/special assessment deferral, the taxpayer must complete and file Form IL-1017, Application for Deferral of Real Estate/Special Assessment Taxes, and Form IL-1018, Real Estate/Special Assessment Tax Deferral and Recovery Agreement.

Form IL-1017 requires the taxpayer to provide

- certain personal identification information,
- a description of the property,
- a calculation of the total annual household income, including proof of income (1099s, etc)
- authorized signatures of the spouse, or trustee, approving the taxpayer's participation in the program, and
- evidence that the property is adequately insured against fire or casualty loss.

Form IL-1018 is the agreement for the property tax/special assessment deferral. This is an important legal document that specifies

- the maximum amount that can be deferred,
- the interest rate to be charged, and
- the arrangements for repaying the deferred property taxes.

What type of property is considered "qualifying property"?

Qualifying property is a homestead that

- a taxpayer, or taxpayer and spouse, own in fee simple or that is being purchased in fee simple under a recorded instrument of sale,
- is not an income-producing property, and
- is not subject to a lien for unpaid property taxes and special assessments.

"Qualifying property" includes both land and buildings such as a

- single family residence,
- condominium, or
- dwelling unit in a multi-dwelling building that is owned and operated as a cooperative.

Deferrals may continue even if the property is unoccupied because the taxpayer is temporarily residing, for not more than one year, in a nursing or sheltered care home.

Can a taxpayer defer subsequent bills for property taxes and special assessments?

Yes. A taxpayer may apply with the county collector each year for a deferral of the property taxes and special assessments payable in that year.

Can payments be made for property taxes and special assessments that are deferred before the property is sold or the property owner dies?

Yes. Any portion of the deferral can be paid at any time by the taxpayer, the taxpayer's spouse, or, if the taxpayer does not object, by other qualifying relatives, heirs, or parties that have a legal or equitable interest in the property. Contact the county collector for the exact settlement amount. Payments must be submitted to the county collector's office.

Update: Public Act 102-0895 amending the Senior Citizens Real Estate Tax Deferral Act became effective on May 23, 2022.

Do you need additional assistance?

Contact your local county collector's office if you have any questions about the deferral program or want to apply.

What is the Senior Citizens Real Estate Tax Deferral?

The Senior Citizens Real Estate Tax Deferral Act, 320 ILCS 30/1, et seq., allows qualified senior citizens to elect to defer all or part of the property taxes and special assessments on their principal residences. The principal residence is the homestead portion of the property and is the only portion of the property for which you can apply for deferral of taxes. The property taxes and special assessments do not become due until after the death of the property owner or when the real estate is sold or no longer qualifies. A lien is placed on the property and interest is assessed at three percent simple interest rate per year.

This application applies to taxes that will be paid in 2024.

- I, the owner and applicant, agree:
- 1 that the total amount of property taxes, including special assessments, deferred under the Senior Citizens Real Estate Tax Deferral Act, 320 ILCS 30/1, et seq., plus interest, for the year for which a deferral is claimed, as well as for those previous years for which the property taxes, including special assessments, are not delinquent and for which such deferral has been claimed may not exceed 80 percent of my equity interest in the property for which property taxes, including special assessments, are to be deferred and that, if the total deferred property taxes, including special assessments, plus interest, equals 80 percent of my equity interest in the property, I shall thereafter pay the annual interest due on such deferred property taxes, including special assessments, plus interest, so that total deferred property taxes, including special assessments, plus interest, will not exceed such 80 percent of my equity interest in the property.
- 2 that any property taxes, including special assessments, deferred under the Act and any interest accrued thereon at the rate of 3 percent per year, are a lien on the real estate and improvements thereon until paid. No sale or transfer of such real property may be legally closed and recorded until the property taxes, including special assessments, which would otherwise have been due on the property, plus accrued interest, have been paid unless the collector certifies in writing that an arrangement for prompt payment of the amount due has been made with his or her office. The same shall apply if the property is to be made the subject of a contract of sale.
- 3 that upon my death, the heirs-at-law, assignees, or legatees shall have first priority to the real property upon which property taxes, including special assessments, have been deferred by paying in full the total property taxes, including special assessments, that would otherwise have been due, plus interest. However, if such heir-at-law, assignee, or legatee is my surviving spouse, the deferred status of the property shall be continued during the life of my surviving spouse if the spouse is 55 years of age or older within six months of the date of my death and my spouse enters into a deferral and recovery agreement before the time when deferred property taxes, including special assessments, become due under Section 3 of the Act. Any additional deferred property taxes, including special assessments, plus interest, on the real property under a deferral and recovery agreement signed by my surviving spouse shall be added to the property taxes, including special assessments, and interest which would otherwise have been due, and the payment of which has been postponed during the life of my surviving spouse, in determining the 80 percent equity requirement provided by this Section.

- 4 that if the property taxes due, including special assessments, plus interest, are not paid by the heir-at-law, assignee, or legatee, or if payment is not postponed during the life of my surviving spouse, the deferred property taxes, including special assessments, and interest, shall be recovered from my estate within one year of the date of my death. In addition, deferred property taxes, including special assessments, and any interest accrued thereon, are due within 90 days after any deferred property tax property, including deferred special assessment property, ceases to be qualifying property as defined in Section 2 of the Act.
 - If payment is not made when it is required by Section 3 of the Act, foreclosure proceedings may be instituted under the Property Tax Code.
- **5** that any joint owner or trustee or contract-for-deed seller has given written prior approval for such agreement, which written approval shall be made a part of such agreement.
- **6** that a guardian or conservator appointed for me in the event I suffer legal disability may act on my behalf in complying with the Act.
- 7 that I or my agent have provided to the satisfaction of the collector, sufficient evidence that the qualifying property on which the property taxes, including special assessments, are to be deferred is insured against fire or casualty loss for at least the total amount of property taxes, including special assessments, which have been deferred.

Under penalties of perjury, I state that, to the best of my knowledge, the information in this agreement is true, correct, and complete.
