**AMENDMENT TO PROTECTIVE COVENANTS
OF PARK ROAD SUBDIVISION**

The undersigned, being the owners of Lots 1 & 2 of Park Road Subdivision, situated in the Southwest Quarter of Section 23, Township 1 North, Range 6 West, Adams County, Illinois, hereby consent to an unattached garage structure being constructed upon Lot 1 in said subdivision, without a residential structure being constructed on said lot, provided that the garage structure meets all other requirement of said protective covenants as to size, maintenance, and line setbacks. The undersigned are aware that the protective covenants as originally filed only authorize a single family dwelling to be constructed on the lots in the subdivision with an attached garage. To the extent that this prohibition would prevent the construction of the garage structure, it is hereby waived and the proective covenants are according modified in that respect only.
