## Transportation, Building & Technology

### **Committee Report (Mr. Post)**

Bills – The committee met on Tuesday, November 12<sup>th</sup>, 2019 to review the bills for the Highway Department, the Maintenance Department, and the Technology Department. All of the bills were in order.

#### Reports

We have had two snow days already and it is only the middle of November. The Highway Department may be busy this year. The Siloam bridge is back open temporarily. The weather has caused delays on the project so it will close again soon for 3-4 weeks.

#### Resolutions-

- a. Renewal of the Tower Lease Agreement  
Mr. Post made a motion to accept the renewal terms of the Tower rental.  
Mr. Zanger seconded the motion.

Discussion: Mr. Post explained that American Tower people have been contacting them for quite some time now to renew the lease on the tower. The committee has been discussing it as well as the Executive Committee. They made a counter offer that was much higher than the proposal and they accepted. The revenue-side of the Tower does not change. It is the same percentage. There is a \$150,000 sign on bonus for renewing the lease. The committee worked with the States Attorney's Office to add language to protect ourselves. If the tower became inoperable, it won't sit there for 40 years. There is a decommissioning clause. The committee recommends approval.

The Tower Lease Agreement was approved.

The committee's next meeting is scheduled for Tuesday, December 10<sup>th</sup>, 2019.

### ***Committee Report (Mr. Austin)***

Bills – The committee met on Monday, November 11<sup>th</sup> to review the bills. All of the bills were in order.

#### Report-

- a. Discussion/Possible Action- Intergovernmental Agreement for Riverfront Development.

Mr. Austin explained that this is a developmental idea regarding the Riverfront. It is an intergovernmental agreement between the County, City, and Park District. This is a Riverfront master plan. It is much deeper than a big dock where boats

will come and throw money at Quincy. The importance of the Riverfront plan is that 5-7 years from now, there will not be a memorial bridge sitting on Maine Street. It will be on York Street. That was decided by IDOT. Within that, there is a lot of construction and planning that needs to happen. This master plan offers an opportunity to work with IDOT and get some funding beyond the bridge to figure out what to do with what's left of the Maine Street area. This has happened in Hannibal, Iowa, and different towns in Illinois. There are some aspects of drawing tourism to the riverfront. There will also be a water-plant change that they are investigating. That could possibly leave vacant buildings to repurpose. We will also work with our state representatives to recapture federal block grant money to see how we can get wetland recreation that is important to the ecosystem.

Mr. Austin explained that the County will provide \$250,000 that will come from our revolving loan funds after our parking lot projects. We will have money in an account that used to be revolving loan fund money that can be used to this. This city will provide \$150,000. There were four plans presented. One, in specific, knocked it out of the park and used local and some state-wide firms that would come in and consult with them. They had some great ideas. There is no agreed upon plan. The Park District is not being asked to put in money at this time, but they will end up maintaining the new construction that is made. There will most likely be a planning committee that will have 2 representatives from the City, County and Park District. The committee may also include the Mayor, the County Chairman, and the Executive Director of the Park District. We are being asked to spend Adams County money.

Mr. Austin asked the board to take the next month to review this information. Think about positive and negative points. If we work together in this area, we can accomplish something that has been tried for several years. We haven't had much development on our Riverfront for a very long time. This is a valuable resource in our County, that happens to be in the City, and it is going to waste as far as Economic Development and increasing tourism. This won't create millions of dollars, but it is a guide-post for us to work with IDOT or the Federal Core of Engineers, etc. We have never had a vision to present and we have never had 3 entities working together for a common goal.

Mr. Austin entertained questions and also encouraged to think about it and contact him with questions in the weeks to come.

Mr. Duesterhaus wanted to comment that a quarter of Adams County voters are on the River, whether it is Quincy or Adams County. Environmental and tourism points were also important. He stated that we have something here and we need to work on it.

Mr. Hinkamper stated that he likes the idea of developing the Riverfront, but the only problem he has is that we just raised taxes and now we are going to throw a quarter of a million dollars on something else. It could have been used toward taxes on the next year.

Mr. Austin stated that part of the funds we are using are restricted to the TIF areas. It doesn't mean there aren't other things we could do with the money, but we should keep having open discussions through the next few weeks. He thanked the board for listening and thanked them for the support on the budget.

Resolution –

The following Transfer of Budget Appropriations were read and approved together:  
(Attachments B-1 & B-2)

- a. Transfer of Budget Appropriation – From James Frankenhoff, County Engineer – a transfer of \$10,000.00 from line item 501-501-5110 County Highway Fund, Salary – Maintenance Staff for a revised budgeted amount of \$290,000.00 and an increase of \$10,000.00 to line item 501-501-5105 County Highway Fund, Salary – Engineering Staff for a revised budget of \$110,000.00.
- b. Transfer of Budget Appropriation – From James Frankenhoff, County Engineer – a transfer of \$30,000.00 from line item 501-501-5506 County Highway Fund, Maintenance Building & Grounds for a revised budgeted amount of \$120,000.00 and an increase of \$20,000.00 to line item 501-501-5436 County Highway Fund, Utilities for a revised budget of \$50,000.00 and an increase of \$10,000.00 to line item 501-501-5665 County Highway Fund, Vehicle Fuel & Oil for a revised budget of \$280,000.00.
- c. Transfer of Budget Appropriation – From James Frankenhoff, County Engineer – a transfer of \$1,500.00 from line item 505-501-5503 GIS Fund, Parcel Maintenance for a revised budgeted amount of \$5,000.00 and an increase of \$1,000.00 to line item 505-501-5523 GIS Fund Consulting for a revised budget of \$2,000.00 and an increase of \$500.00 to line item 505-501-5613 GIS Fund, GIS Supplies for a revised budget of \$1,000.00.

Mr. Austin made a motion to approve the Transfer of Budget Appropriations.

Mr. Obert seconded the motion.

A roll call vote was taken to approve the Transfer of Budget Appropriations: Those in favor were: Mark Peter, Matt Obert, Robert Reich, John Brady, Seldon Totsch, Les Post, Theresa Bockhold, Joe Zanger, David Hoskins, Todd Duesterhaus, Bret Austin, Steven Demoss, Rebecca Weed, Ryan Niekamp, Dave Bellis, Marvin Kerkhoff, Raquel Piazza, Taylor Rakers and Kent Snider.

Those opposed were: Ryan Hinkamper

Total in favor: 19

Total Opposed: 1

Total Absent: 1

Mr. Austin stated that these are budget-line re-appropriation to cover different amounts and funds as they played out. It is all budget neutral and the department still remained within budget. These are typical at the end of the fiscal year.

The transfer of budget appropriations were approved.

Budget/Levy-

- a. Discussion/Action- Approval of 2019-2020 Budget (Attachment B-3)

Discussion: Mr. Austin stated that since the last final draft was sent out, there have actually been two significant changes. The Tower Lease was one of the changes. That put \$150,000 in our revenue. We will average about \$80,000 annually, but it went up to \$230,000. The second change was that we were sitting at a 6.5% aggregate money raise. That is why we had the Truth in Taxation Hearing process. Nobody spoke at the meeting, but the public questioned this.

The committee has worked very hard on this. They talked with the Ambulance Department, Health Department and the County Highway Department to zero-down on some of budget items. They felt that some expenses could be cut. That was done and moved the total about \$500,000. Doing nothing would have resulted in a 3.95% raise in aggregate cash dollars. After working with the departments, we went from a 6.5% money aggregate increase to a 4.9% increase. Under normal circumstance, we wouldn't have had to do the truth in taxation process, but they were prepared. Mr. Austin commended the office holders for working on their budgets.

Mr. Austin explained that a \$100,000 valued property will pay \$3-4 more. They aren't happy to say there's a tax raise, but with different raises occurring nationally and other factors, this is a very good result overall.

Mr. Austin made a motion to approve the 2019-2020 Budget.

Mr. Rakers seconded the motion.

A roll call vote was taken to approve the budget. Those in favor were: Mark Peter, Matt Obert, Robert Reich, John Brady, Les Post, Theresa Bockhold, Joe Zanger, David Hoskins, Todd Duesterhaus, Bret Austin, Steven Demoss, Rebecca Weed, Ryan Niekamp, Dave Bellis, Marvin Kerkhoff, Raquel Piazza, Taylor Rakers and Kent Snider.

Those opposed were: Seldon Totsch, Ryan Hinkamper

Total in favor: 18

Total Opposed: 2

Total Absent: 1

The budget was approved.

Chairman Snider spoke about the hours that this committee put in to this and it is not easy. Mr. Snider expressed his appreciation to the committee.

Mr. Austin stated that the county is very-well served by the people that work for here.

Mr. Obert stated that the committee is and has always been open to anyone who has ideas on how we can tighten budgets up even more and that they should speak up.

Mr. Austin explained that we will unsuspend the September meeting and set the actual final levy amounts in the December meeting.

The committee's next meeting will be Tuesday, December 10<sup>th</sup>, 2019.

## Jail Sub-Committee

### ***Committee Report (Mr. Peter)***

#### Report-

The committee did not meet this past month. There are no new change orders.

#### Construction Report-

Mr. Peter gave the following report that was provided by Mr. Sid Wilson, the Facility Construction Liaison:

The Williams Brothers has had the work force concentrate mainly on the cell blocks this past month which has fallen behind schedule. The predicted substantial completion date is January 31<sup>st</sup>, 2020. The concrete floors are being scrubbed. The cells are 80% painted along with the main doors, railings, and block walls. The detention glassing is 75% complete. MEP system are ongoing. Filter fabric has been installed in the duct systems for dust protection. The HVAC is up and running. The exterior areas are 90% complete.

There will be tours at some point, but we will need to let the work continue before there are more decisions made on that. Right now, it is still very much a construction zone.

## Executive Committee

### ***Committee Report (Mr. Niekamp)***

The committee met on November 4<sup>th</sup>, 2019.

#### Report-

At their last meeting, there was a new supplement added to the employee handbook that covers non-union employees. The committee also talked about insurance open enrollment coming up in December. They also talked about the potential Riverfront Development.

The committee's next meeting will be December 2<sup>nd</sup> at 5:30 PM.

## Unfinished Business

None.
