At this time, Mr. Mike Barnard spoke to the board. He thanked the board for allowing him to speak. He reported that Barnard Elevators submitted a bid for the ongoing modernization of the East Jail Elevator, and they were the lowest bidder. However, he stated that the county awarded it to Otis Elevator. He expressed to the board that they

have no argument to claim Barnard Elevators are unreasonable bidders. Mr. Barnard stated at that point, they hired a lawyer. He stated that they came to an agreement with the county of \$8,000 to move on and treat Barnard Elevator fairly in the future. He stated the committee didn't submit the project to the full board. He asked that the current bid for the upcoming project be rejected and that they put it back up for bid. He stated the county spent over \$30,000 to choose Otis on the last project plus \$8,000 in a settlement to Barnard Elevator. He thinks that the other bidders and the tax payers' money should be treated fairly.

A member from the audience asked what the county's response was for not accepting the lowest bid?

Mr. Austin stated on the original bid, the equipment provided by Otis was conducive to the elevators they wanted and consistent with current equipment.

The audience member asked if proprietary equipment was listed in the bid.

Mr. Barnard stated it was not in the bid.

Mr. Bellis stated it was in the alternate. He stated the architects asked for proprietary in this project that they are looking at now.

Transportation, Building & Technology

Bills – The committee met on Tuesday, July 13th to review the bills for the Highway Department, the Maintenance Department, and the Technology Department. All of the bills were in order.

Reports

The Highway Department reported on various projects around the county. The public Defender met with them to talk about improvements. The Supervisor of Assessments also spoke to them about a new copy machine.

Resolutions

- a. 2021-07-501-010 – Resolution appropriating \$458,907.93 from the County Motor Fuel Tax Fund (Rebuild Illinois Funds) and \$150,000.00 from the County Matching Tax Fund for the County's share of the cost of resurfacing of North 48TH Street

and authorizing the Adams County Board Chairman to sign any and all agreements with the Illinois Department of Transportation and the City of Quincy. (ATTACHMENT A-1)

Mr. Bellis made a motion to approve the resolution.

Mr. Brady seconded the motion.

Resolution 2021-07-501-010 was approved.

- b. 2021-07-501-011 - Resolution reporting bids, awarding the contract to County Contractors Inc., Quincy, Illinois, in the amount of \$339,775.25 for the removal and replacement of the existing structure with a precast prestressed concrete deck beam bridge and the necessary approach work, carrying E 2200TH Street over a branch of McCraney Creek in Liberty Township, known as Section #19-13118-00-BR, from the July 7, 2021 Township Bridge Fund Program Letting and authorizing the Adams County Board Chairman to sign the contract. (ATTACHMENT A-2)

Mr. Zanger made a motion to approve the resolution.

Mr. Post seconded the motion.

Resolution 2021-07-501-011 was approved.

- c. Resolution Number 2021-07-001-015 Elevator Modernization Phase II.

Mr. Bellis reported that they discussed it in the committee meeting with Otis Elevator and Barnard Elevators. He reported they have 3 elevators in the jail that are older from Otis. Bellwether approved the ARPA funds to get this project going. He reported there was a bid 3 months ago that they tabled. He reported there was a lack of a second in the committee to move it forward in this past committee meeting. (ATTACHMENT A-3)

Mr. Bellis recommended they use Otis as they have Otis elevators in other areas of the building. At this time, he made a motion to move forward with a vote to approve the bid from Otis.

Mr. Hinkamper asked if we can vote on a resolution that didn't come out of committee.

Mr. Farha stated that they can vote on it as long as they know that it was not the committee's recommendation.

Mr. Austin asked the committee chairman, Mr. Bellis, if they are recommending to move forward tonight or to table this for further discussion.

Mr. Bellis stated he wants a vote from the full board.

Mr. Austin stated that this is allowed even though it did not come out of the committee. He stated we are talking about \$706,000 and Bellweather has approved this expense. He stated in the committee's discussion, there was a motion to approve by Mr. Post but there was no second for this. He stated that moving this forward will be a roll call vote and asked if that is still the recommendation to move forward.

Mr. Bellis stated it is.

Mr. Austin stated that the tabling two months ago was not about the vendor or the money, it was about whether or not it was ARPA approved, which it is now.

Mr. Post seconded Mr. Bellis's motion to approve the Otis bid.

Discussion: Mr. Peter asked if it is unusual for the low bid to not be recommended. He stated that there seems to be some confusion with that.

Mr. Farha stated it is unusual but there are legal basis to reject bids. He stated this bid was on proprietary equipment that was not provided by Mr. Barnard in his bid.

Mr. Bellis stated that the architect requested this in the bid.

Mr. Zanger stated that in committee, they wondered why it is proprietary, and they were told it was the architects recommendation. He stated considering that proprietary equipment can only be disturbed by a sole manufacturer, the county is stuck with only going with one business for any maintenance or new equipment. He stated that he felt it was a big concern that someone can't bid because they do not have the equipment. Mr. Bellis stated that someone mentioned in the committee meeting that companies can purchase the equipment from other vendors. Mr. Kerkhoff asked about the past performance and maintenance of the equipment and if we have done any grading on it. Mr. Austin stated he doesn't think that was brought up. He stated there were no other bids for this project and that this is a separate bid from before on a different project. He reminded the board that this is not choosing one company over another when they vote. Mr. Kerkhoff stated that there should be a performance-based grade to make sure the current equipment is appropriate. Mr. Bellis stated there were at least 4 other companies that could bid, but did not. He also reminded them that Mr. Barnard was given \$8,000. Mr. Obert asked if this motion was to approve a bid and the ARPA funds for it or just to approve the bid. Mr. Austin stated those are two separate things and that the vote is just for approving the bid and that the financing will be approved in the Finance Committee. He stated this vote is just to approve the bid, not how it will be financed. Mr. Reich stated that to his understanding, the committee has not recommended rebidding and we only have one bid. Mr. Austin stated that's correct and that there was no second in committee to send this to the full board. Mr. Zanger stated there was discussion of allowing additional bidders because there was an issue of only having one bid and that others could not bid. Mr. Obert asked if we can amend the resolution to submit this back to committee and ask for a rebid. Mr. Austin stated that is an option.

Mr. Obert made a motion to amend this process to refer this back to the committee to put this up for rebid¹.

Mr. Hinkamper seconded the motion.

A roll call vote was taken to approve the amended motion. Those in favor were: Matt Obert, Robert Reich, John Brady, Theresa Bockhold, Joe Zanger, Dave Hoskins, Todd Duesterhaus, Bret Austin, Rebecca Weed, Barbara Fletcher, Ryan Hinkamper, Marvin Kerkhoff, Raquel Piazza, Taylor Rakers and Travis Cooley.

Those opposed was Mark Peter, Les Post and Dave Bellis.

Those voting present was Steven Demoss.

There were 15 in favor, 3 opposed, 1 present, 1 absent and 1 vacant.

The motion was approved to send this back to committee for re-bid.

Mr. Austin announced that this will be moved back to committee for reevaluation.

Mr. Bellis asked if the architect needs to reword the bid to put it up for rebid or if they need to vote to even rebid it. Mr. Austin stated they should discuss and decide in their committee. Mr. Bellis stated they would have to push it off another 30 days now. Mr. Austin stated they have the option to call a special meeting. Mr. Bellis stated Otis Elevator was going to allow them to lock in their price if it was approved today. Mr. Austin stated that the box has been opened again for this and it will be up to Otis to honor their price or not and there may be other people come forward to bid. He stated that the board spoke clearly that they wanted this re-evaluated.

¹ Amendment made to motion at the August 10, 2021 County Board Meeting.

Mr. Austin announced that at this time they needed to vote on the original resolution regarding the bid. Mr. Obert clarified that voting “no” rejects the bid and voting “yes” accepts the bid. Mr. Austin stated that was correct.

A roll call vote was taken to approve the original resolution for the bid. Those in favor were: Mark Peter, Les Post and Dave Bellis.

Those opposed were: Matt Obert, Robert Reich, John Brady, Theresa Bockhold, Joe Zanger, Dave Hoskins, Todd Duesterhaus, Bret Austin, Steven Demoss, Rebecca Weed, Barbara Fletcher, Ryan Hinkamper, Marvin Kerkhoff, Raquel Piazza, Taylor Rakers and Travis Cooley.

There were 3 in favor, 16 opposed, 1 absent and 1 vacant.

The resolution was not approved.

- d. Resolution Number 2021-07-001-016- Resolution adopting Adams County Network and System Infrastructure Upgrades. (ATTACHMENT A-4)

Mr. Zanger made a motion to approve the resolution.

Mr. Hinkamper seconded the motion.

Discussion: Mr. Bellis stated that the committee voted to approve this and send it to the full board. Mr. Austin stated the entire resolution was \$1,379,000 out of the \$12,709,000 ARPA money. Mr. Bellis stated Bellweather approved these items and the committee unanimously approved moving forward. Mr. Post stated that the full board should be aware of this as they received the information last month.

A roll call vote was taken to approve the resolution. Those in favor was: Mark Peter, Matt Obert, Robert Reich, John Brady, Les Post, Theresa Bockhold, Joe Zanger, David Hoskins, Todd Duesterhaus, Bret Austin, Steven Demoss, Rebecca Weed, Barbara Fletcher, Ryan Hinkamper, Dave Bellis, Marvin Kerkhoff, Raquel Piazza, Taylor Rakers and Travis Cooley.

INFRASTRUCTURE UPGRADE**

WHEREAS, The American Rescue Plan Act provides for State And Local Fiscal Recovery Funds, a definition which includes Adams County, Illinois and authorizes \$12,709,982 in total funds for Adams County, the first half of which has been received and is under deposit, and

WHEREAS, the Adams County Board has defined a strategy for the use of American Rescue Plan Act State And Local Fiscal Recovery Funds to support COVID mitigation and prepare for future pandemics through strategic increased automation; increased public access to services via the internet; increase capability to conduct the business of government virtually; improve web capable communications and notices for the public, and

WHEREAS, The United States Treasury Department was tasked with administration of the American Rescue Plan Act and issued instructions, criteria, and limitations for the use of funds provided by the American Rescue Plan Act compiled titled as U.S. TREASURY INTERIM FINAL RULE & GUIDANCE FOR STATE AND LOCAL FISCAL RECOVERY FUNDS (31 CFR Part 35 / RIN 1505-AC77) made a part of the Federal Register / Vol. 86, No 93, henceforth U.S. TREASURY INTERIM FINAL REPORT, and

WHEREAS, page 26789 of the U.S. TREASURY INTERIM FINAL REPORT states: “COVID–19 Mitigation and Prevention. A broad range of services and programming are needed to contain COVID–19. Mitigation and prevention efforts for COVID–19 include vaccination programs; medical care; testing; contact tracing; support for isolation or quarantine; supports for vulnerable populations to access medical or public health services; public health surveillance (e.g., monitoring case trends, genomic sequencing for variants); enforcement of public health orders; public communication efforts; enhancement to health care capacity, including through alternative care facilities; purchases of personal protective equipment; support for prevention, mitigation, or other services in congregate living facilities (e.g., nursing homes, incarceration settings, homeless shelters, group living facilities) and other key settings like schools; ventilation improvements in congregate settings, health care settings, or other key locations; enhancement of public health data systems; and other public health responses. They also include capital investments in public facilities to meet pandemic operational needs, such as physical plant improvements to public hospitals and health clinics or adaptations to public buildings to implement COVID–19 mitigation tactics. These COVID–19 prevention and mitigation programs and services, among others, were eligible expenditures under the CRF and are eligible uses under this category of eligible uses for the Fiscal Recovery Funds.” and

FURTHER, U.S. TREASURY documents and instructions have referenced the value of information technology enhancement in the betterment of the public:

FAQ 2.19. Would expenses to address a COVID-related backlog in court cases be an eligible use of funds as a response to the public health emergency? [6/23]

The Interim Final Rule recognizes that “decrease [s to] a state or local government’s ability to effectively administer services,” such as cuts to public sector staffing levels, can constitute a negative economic impact of the pandemic. During the COVID-19 public health emergency, many courts were unable to operate safely during the pandemic and, as a result, now face significant backlogs. Court backlogs resulting from inability of courts to safely operate during the COVID-19 pandemic decreased the government’s ability to administer services. Therefore, steps to reduce these backlogs, such as

implementing COVID-19 safety measures to facilitate court operations, hiring additional court staff or attorneys to increase speed of case resolution, and other expenses to expedite case resolution are eligible uses.

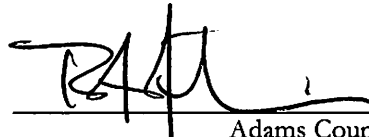

FAQ 4.8 Under Treasury's Interim Final Rule, there are many ways in which the State and Local Fiscal Recovery Funds ("Funds") under the American Rescue Plan Act can support communities working to reduce and respond to increased violence due to the pandemic.

- Investing in technology and equipment to allow law enforcement to more efficiently and effectively respond to the rise in gun violence resulting from the pandemic.

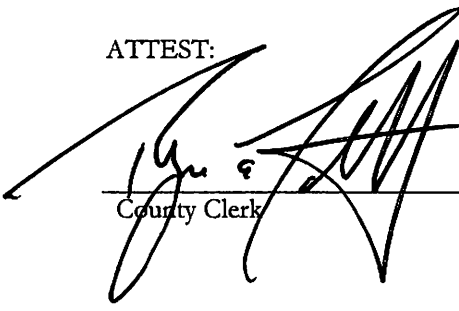

NOW THEREFORE, the Adams County Board hereby ordains the following:

1. The Adams County Board authorizes the use of \$1,396,567.50 of the current balance of \$ 6,346,442.60 of American Rescue Plan Act, State And Local Fiscal Recovery funds for upgrades of the Adams County Information Technology with the intent as described above, and
2. The Adams County Board has assigned clear responsibilities for periodic reporting of progress on this project to the Adams County Board or its designated agent, Bellwether LLC.

Passed by the Board of Adams County this 13TH day of July 2021.
