These covenants shall take effect immediately upon the recording thereof and shall apply immediately to all of the above described real estate.

These covenants shall run with the land and shall be binding upon all the parties and persons claiming under them until January 1, 1988, at which time said covenants shall be automatically extended for successive periods of five (5) years unless by agreement of a majority of the then owners of the above described real estate or the several lots and parcels thereof, it is agreed to change said covenants in whole or in part. In determining the majority of the then owners each and every owner of a lot or parcel of real estate shall have an equal right.

If the parties hereto or any of them or their heirs or assigns shall violate or attempt to violate any of the covenants herein contained, it shall be lawful for any other person or persons owning any lot or parcel of said real estate to prosecute any proceeding at law or in equity against the person or persons violating or attempting to violate any such covenant either to prevent him or them from so doing or to recover damages for such violation or violations.

No sign of any kind shall be displayed to the public view on any lot except one professional sign of not more than one square foot, one sign of not more than five square feet advertising the property during the construction and sales period.

The invalidation of any one of these covenants by judgment or order of any court of record shall in no wise affect any of the other provisions or covenants herein contained.

All platted lots shall be known as residential lots and all buildings constructed thereon are to be used for residential purposes only and there shall be no more than one residence built on each lot except that said lots may be redivided so as to increase the size of any lot or decrease the size of any lot, but no lot shall be decreased in size to less than the average square feet contained in said residential lots, except that said lots may be used for public schools, elementary and high schools, and educational institutions having a curriculum the same as ordinarily given in public schools and for purposes incidental thereto including the erection and maintenance of buildings and playground facilities.

No lot shall be used for other than residential purposes. No buildings shall be erected, altered, placed or permitted to remain on any lot other than one detached single-family dwelling not to exceed two stories in height, a private garage for not more than three cars and a structure containing no more than 100 square feet and not exceeding 12 feet in height of neat and artistic design. No dwelling shall be permitted to any lot at a cost of less than \$10,000.00 based upon cost levels prevailing on the date these covenants are recorded, it being the intention and purpose of these covenants to assure that all dwellings shall be of quality of workmanship and materials substantially the same or better than that which can be produced on the date these covenants are recorded at the minimum cost stated herein for the minimum permitted dwelling size.

No dwelling shall contain floor space, excluding porches, breezeways, garages and basement, if any, of less than 950 square feet.

Easements reserved on the recorded plat for any purpose whatsoever shall remain as permanent easements to the benefit of all parties owning lots or parcels of land in said above described tract of real estate and no permanent building or structure shall be erected on said premises.

No oil drilling, oil development operations, oil refining, quarrying or mining operations of any kind shall be permitted upon or in any lot, nor shall oil wells, tanks, tunnels, mineral excavations or shafts be permitted upon or in any lot. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon any lot.

No animals, livestock or poultry of any kind shall be raised or kept on any lot, except that dogs, cats or other household pets, not to exceed two in number, may be kept provided that they are not kept, bred or maintained for any commercial purpose.

Approval of such system as installed shall be obtained from such authority.

No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between 2 and 6 feet above the roadways shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them at points 25 feet from the intersections of the street lines, or in the case of a rounded property corner from the intersection of the street property lines extended. The same sight line limitations shall apply on any lot within 10 feet from the intersection of a street property line with the edge of a driveway pavement. No tree shall be permitted to remain within such distances of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.
